

Poster day Conference 2024 and 2025

Institute of Hydrology of SAS, Dúbravská cesta 9

Institute of Hydrology of the Slovak Academy of Sciences

will organize on November 18, 2026

33rd Poster day

with international participation

**TRANSPORT OF WATER, CHEMICALS
AND ENERGY IN THE SOIL – PLANT –
ATMOSPHERE SYSTEM
in conditions of the climate variability**

Thematic areas:

Subsurface water hydrology

- hydrological processes in soil; hydrophysical characteristics of soils

Surface water hydrology

- Hydrological regime of surface water; stream water quality; groundwater- surface water interactions or interactions with hydraulic structures

Climate change and variability

- climate change and land use change influence on hydrological regime; impacts of climate change on ecosystems

The programme and timetable 18th November 2026
